

The New York State Society of Certified Public Accountants Operations Policies

OP – 11 Policy on Charitable Contributions

The NYSSCPA encourages its members and staff on an individual basis to engage in charitable works and support charitable organizations. However, the NYSSCPA does not itself officially support or provide support for any charitable activities outside the programs of the NYSSCPA or FAE, such as the NYSSCPA/FAE Scholarship Fund and the Career Opportunities in the Accounting Profession Fund.

Therefore, the committees and chapters of the NYSSCPA are not authorized to endorse any charity or charitable fundraising activities that entail the expenditure of any Society or chapter funds or the use of staff time.
